

Statement of **ROSE HERRERA**, Candidate for
Member, San Jose City Council, District 8

Occupation: Businesswoman

Age: 54

Education and Qualifications:

I am running for San Jose City Council to Stand Up For Evergreen! I care about our community and its future. I've lived, worked, and served in Evergreen neighborhoods for 30 years as a neighbor, parent, volunteer, and business owner.

I share your desire for leadership at City Hall to solve San Jose's budget problems; to provide transparency and efficiency; and to improve communication between City Hall and neighborhoods. We must invest in Evergreen's future by promoting smart growth; ensuring excellent police and fire departments; reducing traffic congestion; improving schools; enhancing youth and senior programs; and attracting quality jobs and businesses. I founded a community group "Involved Evergreen" determined to revitalize Evergreen Village Square Center and find a replacement for Lunardi's Market. I was CEO of a high tech Silicon Valley software company. I will take my business management skills to City Hall.

I have the passion and skills to make a difference at City Hall and I'm proud of the many endorsements I've received, including past Councilmember Pat Sausedo, the San Jose Police Officers' Association, and many Evergreen residents and business owners. Visit my website at www.roseforsanjose.com. I respectfully ask for your vote. Stand with me for Evergreen.
